Water, beer (with and without alcohol) available throughout the day

COSTUME AND ESSENTIALS

Film shoot clothes / costumes – you should bring something that is perhaps ‘interesting’, unusual, or it could be also completely ordinary (we need VARIETY), but ‘Skurriel’ is the watchword for this shoot – please feel free to send me photos and we can make

suggestions. – **BRING SENSIBLE SHOES**, we don't want any accidents on the Wiesen! (I feel like a Schoolmaster!)

ALSO – we need some little props for you, something that you can bring yourselves – imagine you were doing something at the time and then were suddenly transported to the Honeypot field, and you continue your activity, or try to **AND** it would be good if it's something that can loop (tying a tie, then undoing, starting again) to emphasis the theme of being stuck in a Honeypot – for instance we might have someone brushing their teeth, someone on the phone (old phone would be better), someone carrying a picture frame with their head in it, someone carrying a child (or a chicken), someone tying a tie, someone is conducting an orchestra, someone is making a mime, someone is kneading dough, someone is brushing their hair, someone is making paper aeroplanes, someone is drinking wine (or trying to), someone is pouring wine (or trying to) – hopefully this gets your creative juices flowing.

ALSO IMPORTANT!

You will need to bring:

'Stage' clothes

A change of clothes (and shoes, socks)

Umbrella

I would recommend something like a warm blanket for inbetween takes

Gloves, woolly hat, scarf, warm coat,

Umbrella

Towel

A festival chair (if you have one) might be a good idea – but there are also chairs there we can use.

A bucket for evacuating unwanted 'water' – I'm joking with this one (there are toilets)

UMBRELLA

Headache tablets
